***** IMPORTANT NOTICE *****

**THE CARDIGAN COUNTY AGRICULTURE SHOW IS EXEMPT
FROM PRE-MOVEMENT TESTING**

This exemption only applies when the animal returns to its original farm or is taken directly to slaughter.

We have been asked by WAG to let exhibitors know about the intended change in policy and to stress that:

- The exemption from Pre-Movement Testing remains for shows where the cattle are not housed and are present for less than 24 hours.
- Pre-Movement Testing is required where cattle are moved to shows that are held on multiple days and/or where cattle are housed.
- Any show where animals are sold or moved to premises other than the premises of origin or direct to slaughter, continue to require Pre-Movement Testing, as before.

And that:

- Bovine TB has significant potential to disrupt and cause long lasting financial consequences to your business, so prevention from infection should always be your priority.
- All cattle owners are recommended to undertake Pre-Movement Testing, and ideally also voluntarily post-movement testing of animals, to safeguard the health of the high value of stock attending shows.
